For the grown-up

- Every question here is a pair that makes 10, written a different way. Ask your child which pair each one is.
- For 10 – 3, ask: 3 and what make 10? Taking away from 10 uses the same pairs.
- Watch for 10 = 3 + ?. Some children write 13, because they expect the answer after the = sign. Read it aloud as ‘10 is the same as 3 and what?’
- Once most are right, time it: the app’s speed test asks for 20 in two minutes.
